The developer sent a Pre-Application Notice for a Preliminary Plan of Subdivision and a Detailed Site Plan to construct a Hilton Hotel on the site. This winter a decision was made by the developer to abandon the hotel project and pursue student housing for the site. The developer of the project has agreed to acquire an adjacent property, Merchants Tire. *The developer's new Preliminary Plan and Detailed Site Plan for this project have been filed with and accepted by Park and Planning.*

GREENBELT STATION

On June 20, 2006, the District Council reviewed the Greenbelt Station Conceptual Site Plan, and affirmed the Planning Board's decision with additional conditions. The developer, at the request of the community, conducted a balloon demonstration of building heights on February 17, 2007.

Additional Notices were filed on August 29, 2007 and November 5, 2007. The latest application has been filed and accepted. The RCP project will involve the development of 378 multifamily residential units and 60,000 to 80,000 SF of retail space. The developer recently filed an amendment to the approved Detailed Site Plan for the South Core to realign the trail.

The property, also referred to as Buddington North, is located approximately 800 feet southwest of the intersection of Campus Drive and Mowatt Lane. The R 10 zone would allow the developer, Owner Entity Fund II, LLC, to develop intergenerational housing at the site, a concept that builds on the strong attraction that alumni have to their alma mater. The project will have 300 multi-family units. A Preliminary Plan of Subdivision was approved with conditions by the Planning Board on May 31, 2007.
